CHALLENGE

- Migrate the Internet service from GuestTek to Airangel with zero downtime

SOLUTION

- Verified the hotels that were designated to be migrated to the new network
- Ensured that the management VLAN was in the client network since the vendor was not providing access to the management
- Verified if the switch was possible for L3 capability
- Configured the management VLAN to the L3 HSIA base switch
- Configured the management VLAN and DHCP
- Assigned the IP to the AP automatically

RESULTS

- All hotels in the Middle East Region have been migrated with 100% accuracy
