

DxP Services Implement Windchill 12.0 at a Major Industrial Vehicle Manufacturer

A full BoM, Change, Document and Variant Management Solution
is now implemented for a total of 11,500 users

Executive Summary

DxP Services has successfully executed a major GoLive at a leading multi-national industrial vehicle manufacturer. **This GoLive streamlines their PLM systems and processes and removes 4 legacy systems.**

The Challenge

- Hundreds of thousands of parts and documents spread across 4 legacy systems
- Limited collaboration with internal and external suppliers as well as between sites of the division

Our Solution

- PTC PDMLink covering CAD, BOM, Change, Document and Variant Management System
- Collaboration with internal and external suppliers as well as internally
- Streamlined change processes from Problem Identification to Physical Implementation

Key Results And Benefits

- 1200 new end users now live on Windchill 12.0
- 750 000 parts and 660 000 documents migrated
- Solution is now live across 30 companies and 11500 users of the Group
- **Pure CAD Data Management is now transformed into a full BOM, Change, Document and Variant Management System**
- Replaced four legacy systems

ABOUT DxP SERVICES

DxP Services is an ITC Infotech specialized business unit focused on the implementation and adoption of PTC's industry-leading Windchill®, Product Lifecycle Management (PLM) software, as well as Cloud and Windchill+® SaaS offerings. Created through the acquisition of PTC's PLM implementation services division, **DxP Services** is the largest global PTC PLM ecosystem. The combination of PTC Heritage and ITC Infotech Power means that **DxP Services** is uniquely positioned to help accelerate customers' digital transformation initiatives.

Our portfolio of services augments value at every step of Modern Industrial Evolution; covering Consulting, Implementation, Deployment, and Migration. **DxP Services'** team of PLM Professionals are trusted advisors to our Customers during their Digital Transformation.
